

VIJAY M

Software Engineering Intern | Java Backend Developer

📍 Bangalore, India 📞 +91 6374021562 ✉ vijaym5701it@gmail.com 🌐 vijaym01 🐙 vijay01-git

PROFESSIONAL SUMMARY

Java-focused software developer with 8+ months of frontend development experience and hands-on experience building database-driven applications using Core Java, JDBC, SQL, and MySQL. Strong foundation in Data Structures & Algorithms, OOP, problem solving, debugging, RESTful APIs, and database fundamentals. Experienced in developing responsive applications, implementing CRUD operations, testing functionality, and collaborating with developers. Interested in backend systems, automation, and solving complex engineering problems.

TECHNICAL SKILLS

Programming Languages	Java (Core Java, OOPs, Collections, Multithreading), JavaScript (ES6+), SQL
DSA	Arrays, Strings, Linked Lists, Stacks, Queues, Sorting, Problem Solving
Frontend Technologies	HTML5, CSS3, JavaScript, Responsive Web Design
Backend & Database	JDBC, RESTful APIs, MySQL, Relational Database Management (RDBMS)
Development Tools	Eclipse IDE, VS Code, Git/GitHub, Apache Tomcat, Maven

PROFESSIONAL EXPERIENCE

Frontend Developer

Ram Software, Tiruvannamalai | *January 2026 – Present*

Roles & Responsibilities

- Developed and optimized 10+ responsive web pages and reusable UI components using HTML5, CSS3, and JavaScript, ensuring 100% cross-browser and cross-device compatibility.
- Collaborated closely with cross-functional development teams in an Agile environment to translate UI/UX wireframes into functional, user-centric web applications.
- Assisted backend teams in integrating frontend pages with Java/RESTful services to stream data smoothly across application layers.
- Participated actively in code reviews, bug fixing, unit testing, and deployment processes to maintain code quality and system performance.

PROJECTS

1. Employee Management System

Technologies: Core Java, JDBC, MySQL

Description

Developed a desktop-based Employee Management System using Core Java, JDBC, and MySQL to efficiently manage employee records. The application supports CRUD operations and provides secure database connectivity for maintaining employee information.

Key Responsibilities

- Developed employee registration and management modules.
- Implemented Create, Read, Update, and Delete (CRUD) operations using JDBC.
- Applied Object-Oriented Programming concepts and exception handling.
- Tested the application to ensure accurate data management.

2. KitchenNox Corporate Website

Technologies: HTML5, CSS3

Description

Designed and developed a responsive multi-page corporate website for KitchenNox with a modern and professional user interface. The website includes Home, About, Services, Gallery, Blog, Careers, FAQ, and Contact pages optimized for desktop, tablet, and mobile devices.

Key Responsibilities

- Developed responsive web pages using HTML5 and CSS3. Designed
- reusable layouts for a consistent user experience. Implemented
- responsive design across multiple devices.
- Applied modern CSS styling, hover effects, and transitions.
- Optimized website performance and maintained clean code.

3. Personal Portfolio Website

Technologies: HTML5, CSS3

Description

Designed and developed a responsive personal portfolio website to showcase technical skills, projects, professional experience, education, and contact information with a clean and modern user interface.

Key Responsibilities

- Designed responsive layouts for all screen sizes.
- Developed About, Skills, Projects, Experience, and Contact sections.
- Built a modern and user-friendly interface using HTML5 and CSS3.
- Improved user experience through responsive layouts and CSS transitions.
- Maintained clean, reusable, and well-structured HTML and CSS code.

EDUCATION

Bachelor of Technology (Information Technology)

Arunai Engineering College, Tiruvannamalai

2020 – 2024 | CGPA: 7.2

CERTIFICATIONS

- Java Full Stack Development – TAP Academy
- SQL Fundamentals – Oracle

LANGUAGES

- English – Professional Working Proficiency.
- Tamil – Native Proficiency

SOFT SKILLS

- Problem Solving
- Team Collaboration
- Adaptability
- Communication
- Time Management
- Quick Learner
